

OvsFreeSession

```
graph LR; A[OvsFreeSession] --> B[OvsFreeChannel]; B --> C[OvsFreeControlPacket];
```

The diagram illustrates a sequential flow between three components. It begins with a gray rectangular box labeled 'OvsFreeSession'. A blue arrow points from this box to a white rectangular box labeled 'OvsFreeChannel'. Another blue arrow points from the 'OvsFreeChannel' box to a final white rectangular box labeled 'OvsFreeControlPacket'. All boxes have a thin black border.
